Anchored in God’s plan, we…

Serve with Humility;
Lead with Compassion;
Learn with Zeal;
Live with Simplicity;
Pray with Trust.

Christ is our Harbor.

We are Xaverian.
The Xaverian model of education is over 175 years old.

Xaverian is proud to be a part of a strong, international network of schools, the Xaverian Brothers Sponsored Schools (XBSS). The Xaverian model of education is over 175 years old. Our schools, in collaboration with the Xaverian Brothers, continue our tradition of excellence in education while evolving to prepare students for the challenges and opportunities of the 21st century.

The characteristics of a Xaverian experience include: caring teachers, a commitment to the service of others, the development of a student’s personal relationship with God, and the establishment of enduring relationships within the Xaverian community.

At Xaverian, all students strive to reach their fullest potential in a challenging and supportive learning community that is rooted in the Catholic tradition and prepares them to be leaders in a changing world. We are a college preparatory school that educates approximately 1,000 high school students each year. We boast of a growing alumni base of over 17,000 professionals who are global leaders in finance, law, medicine, technology, education, civil service, and engineering. We are particularly proud of the thousands of graduates who have lived a life of service to others as members of the clergy, armed forces, NYPD, and FDNY.

Reflecting on the progression of the strategic plan, President Robert Alesi ’78 said, “Today’s Xaverian continues to grow in every possible way. With a record-breaking $44 million dollars in scholarships, the Class of 2018 will attend the finest colleges and universities in the country. These same Clippers volunteered 36,298 hours to serve the community – making the vocation of “falling in love with the service of God” not just a phrase that is spoken, but an action that is lived. Our STEM programs in Engineering, Computer Science, and Biomedical Sciences are second to none, and our teams continue to compete at the highest levels in New York City. Our Music program continues to be the finest in the city with 26 different music performance groups and our Art program continues to expand each year. Xaverian is the school of choice for today’s students - both boys and girls alike!”

**Strategic Plan**

- Cutting-edge, 1:1 learning environment utilizing iPads and Apple TVs
- Internship Program boasting real-world professional experience with partner organizations in the fields of architecture, engineering, journalism, law, business, medicine, politics, military, arts, and culture.
- STEM education for students who wish to pursue a study of engineering or biomedical science.

**Current facility enhancements include:**

- New middle school wing
- New visual arts wing
- New music rehearsal space
- State-of-the-Art Girls’ Locker and Weight Room
- Continuous HVAC system upgrades that allow virtually every classroom to be air conditioned.
- Alumni Hall on the 3rd floor has been transformed into a Student Commons Lounge and Study Center.
- A new STEM Biomedical Science Lab that includes an Anatomage table, a university and medical school virtual cadaver system that allows for top-level instruction.
- A new STEM Computer Science Lab.
- All classrooms on the 2nd and 3rd floors have been completely renovated and updated.
- Continuous expansion and enhancement of our security systems in and around the building.
- A complete renovation of the entire School Counseling Center.

**Facility enhancements will include:**

- New chapel
- Renovation of the Auditorium
- Creation of a new 2nd Floor Student Commons Lounge and Study Center
- Renovation of all basement and 1st floor classrooms
- Renovation of Main Office
- Renovation of Faculty Room
**CATHOLIC IDENTITY MATTERS**

Molding Christian leaders who convert their faith into action.

Our Catholic identity is the foundation for everything we do at Xaverian. It is our goal to mold our students into Christian leaders who convert their faith into action. This transformation occurs through daily prayer, school-wide masses, retreats at every grade level and Kairos retreats for upperclassmen, community service initiatives, and a rigorous, academic religion curriculum. All of these opportunities create an environment in which Xaverian students embrace the spiritual values of the Xaverian Brothers: humility, simplicity, compassion, trust, and zeal.

Xaverian’s religion curriculum develops each student’s intellectual, moral, and spiritual potential, consistent with each one’s dignity and religious tradition. We strive to enable students to grow in the Catholic faith and to develop an appreciation and respect for other religions. A strong emphasis is placed on the concepts of social justice, service to the community, and the conviction that Catholic education is an expression of the mission entrusted to the Church by Jesus Christ.

Xaverian is proud to have Fr. Sean Suckiel and Msgr. Peter Kain as our Chaplains, along with the Very Rev. Eugene Pappas, a renowned ecumenist, educator, missionary, and social activist, as our Christian Orthodox Chaplain. Twice monthly, Xaverian’s Christian Orthodox students gather to grow in their faith and pray together.

Students are religious leaders within the school community; having the opportunity to organize and lead retreats, and serve as leaders at the Xaverian Brothers Sponsored School Retreats, where they meet students from the Xaverian schools in Connecticut, Kentucky, Maryland, and Massachusetts.

**SERVICE MATTERS**

“Falling in love with the service of God.”

Above are the words of Theodore Ryken, the founder of the Xaverian Brothers. The Campus Ministry program provides students with many opportunities to experience this feeling, from volunteering at a local soup kitchen to hosting local senior citizens for a fun-filled day of cheer near the holidays.

Students are welcome to attend an immersion retreat through the Romero Center in Camden, NJ, where they are asked to work with and reflect on the poor and hungry in today’s world.

Service efforts culminate in the Senior Involvement Program, a tradition in the Xaverian High School community for over 40 years. During Senior Year, each student dedicates a part of his/her week to volunteering at schools, hospitals, nursing homes, and soup kitchens as a means of living out our Catholic faith.

“If you allow yourself to be formed by God through the common, ordinary, unspectacular flow of everyday life, you will gradually experience a liberation and freedom never before imagined.”

--- from the Fundamental Principles of the Xaverian Brothers

Student Senior Involvement Reflections

“A special moment from my senior involvement was when I accompanied an elderly woman to visit her sister who was dying. She was quite emotional and thanked me many times. I told her it was okay because in my mind I knew I was doing what God would want me to do.”

“Working at the precinct was a great experience. I learned that being a Christian is more than just believing, it’s doing.”

“I learned that being a Christian is more than just believing, it’s doing.”

“My senior involvement work gave me the opportunity to help those in need and to demonstrate the values I learned at Xaverian.”

LOCATION MATTERS

The beauty of Bay Ridge, combined with the opportunities of NYC.

Located on the waterfront in beautiful Bay Ridge, Brooklyn, the fields and parks of Shore Road serve as our extended campus. Our proximity to Manhattan allows for museums and other cultural institutions to serve as our classrooms.

Xaverian is easily accessible by bus (B64, B9, S79, S53) and subway (R). Private bus service is also available. Additionally, NYC Ferry currently offers service to the 69th Street Pier from Sunset Park, Red Hook, and Manhattan.

OPPORTUNITIES MATTER

Access to the world.

Xaverian’s music, campus ministry, and extracurricular programs facilitate global travel for our students to locations such as Belgium, Germany, Italy, and Spain.

Xaverian offers an exchange program with the first Xaverian school, located in Bruges, Belgium - The Xaverian Institute of St. Francis. Students visit each other’s schools to learn about the other’s city, country, and culture.

Xaverian’s Model United Nations Club travels annually to BERMUN, a three-day, international Model UN conference with more than 700 participants in Berlin, Germany.

Students in Xaverian’s music program travel bi-annually to Japan to perform as part of a cultural exchange program called the “B Bridges.” Students also have the opportunity to travel to Italy or Spain for cultural enrichment.

And that’s a wrap! #BERMUN #MUN  

@XaverianHS returns home tomorrow afternoon. Thank you to Mr. Gorman and Mr. Barone for their hard work!
ACADEMICS MATTER

Xaverian provides an academic program that challenges all students to reach their God-given potential.

Students are taught to become independent thinkers whose learning goes beyond the classroom. The academic program at Xaverian is designed so that all students will be challenged to their fullest potential, mastering the necessary skills, as well as curriculum content, to be fully prepared for their collegiate pursuits. The establishment of a fruitful, collaborative, and cooperative atmosphere is an essential part of school learning. Xaverian courses are designed, often with an interdisciplinary approach, to teach technological communication and presentation skills. Students are required to engage in research and to work together on class projects.

One-to-One Computing with iPads

Xaverian was one of the first schools in the United States to embrace a one-to-one computing platform with the iPad. Every student is issued an iPad for his or her tenure at Xaverian. The iPad has proven to be an incredible learning tool for both faculty and students. Equipped with iPads and MacBook Airs, teachers are able to give instantaneous feedback on student assessments, as well as provide a greater level of differentiated instruction in their classrooms. Teachers are provided with in-house professional development opportunities throughout the year, and often collaborate across the curriculum. Classrooms are equipped with Apple TVs and 80-inch Smart TVs, and there are many PCs and Macintosh computers available for student use.

AP & Other College Credit Courses

There is a great variety of Advanced Placement and college credit courses, including St. John’s University and Syracuse University, open to all students who qualify. Students are also eligible for credit from the Rochester Institute of Technology through our STEM program.

Specialized Studies Program

Xaverian’s specialized studies program, the Flyken Program, is a New York State approved Special Education Program for students demonstrating the cognitive ability to master a rigorous college preparatory program, but whose academic performance is significantly hampered by a documented disability to store, process, or produce information.

INNOVATION MATTERS

STEM: Preparing Our Students for Success in the Global Economy

Xaverian is proud to offer the highly acclaimed STEM (Science, Technology, Engineering, and Math) curriculum. The Michael T. Strianese ’74 STEM Program at Xaverian introduces students to medical, physical, and computer engineering programs that carry advanced credit with Rochester Institute of Technology (RIT). This program offers project and problem-based learning through hands-on classroom experiences. Students create, design, and build to solve problems, while being exposed to the industries where these skill sets are most needed.

As part of our commitment to fully preparing our students for success in the global economy, Xaverian has partnered with Project Lead the Way (PLTW) to offer a comprehensive curriculum for engineering, computer sciences, and biomedical sciences that have been collaboratively designed by PLTW teachers, university educators, engineering and biomedical professionals, and school administrators to promote critical thinking, creativity, innovation, and real-world problem solving skills in students. All students at Xaverian are required to take a STEM 101 course, which will introduce them to coding, computer-assisted design, and the basic principles of engineering. This class serves as a solid foundation for a more advanced sequence of courses. The hands-on, project-based, engineering courses engage students on multiple levels, expose them to areas of study that they typically do not pursue, and provide them with a foundation and proven path to college and career success.

One of the most recent additions to our STEM program is the Michael T. Strianese ’74 STEM Program at Xaverian.

EXPERIENCE MATTERS

Internship program takes learning to new heights.

Xaverian offers a strong liberal arts core program, complemented by the opportunity to enter a Pre-Professional Pathway of study. The Pre-Professional Pathways consist of a number of specialty tracks including: Business, Law, Biomedical Sciences, Liberal Arts, Computer Sciences, and Engineering. Students are given the opportunity to more fully delve into academic areas of interest, developing their passions.

These programs also include an internship component so that Xaverian students in the Honors Program are exposed to real-world application of the knowledge acquired in the classroom. These experiences encourage students to think about possible careers, shaping their college list. Prominent Xaverian alumni, among them investment bankers, physicians, lawyers, architects, engineers, and New York State Supreme Court Justices, mentor the students while also teaching by example the Xaverian tradition of giving back to the community.

For more information regarding the Internship Program at Xaverian (IPAX), including a full list of partner organizations, please visit www.xaverian.org/ipax.

ATHLETICS MATTER

Xaverian offers team and individual sports in which young men and women have ample opportunities to compete as Clippers.

Xaverian is very proud of an athletic program that develops successful student-athletes. Many of our students use their rich experience at 7100 Shore Road as a springboard to athletic careers in college and beyond. Xaverian alumni are proud to include among their members current and former players in the NCAA, National Football League, Major League Baseball, and the National Basketball Association. Still more follow the examples of their mentors and become coaches on the high school, collegiate, and professional levels. They cite their time as Clippers, where dedication, sportsmanship, and fitness are integral parts of the athletic program, as the foundation for their success.

In continuous partnership with Aviator Sports Complex, Xaverian is proud to have an official home athletic facility, Xaverian at Aviator.

ATHLETICS MATTER

“If you want the highest academic standards in a great atmosphere for boys and girls now, and the ability to compete athletically at the highest level, there’s no place like Xaverian.”
—Chris Mullin ’81, Xaverian Board of Trustee Member, Five-time NBA All-Star and Two-time Olympic Gold Medalist, Head Coach, St. John’s University Men’s Basketball

Welcome to the home of the Clippers
EXTRACURRICULARS MATTER

Develop leadership skills and discover your passions.

The Performing Arts Program at Xaverian performs two shows each year. Student-actors are trained in vocal skills, dance, and maintaining proper stage presence. The efforts of the student actors and student directors are supported by a student-run Stage Crew equipped to build the most intricate of sets.

Recent renovations enhancing the overall audio-visual systems, as well as upgrading the electrical systems and installing new lighting and sound panels, offer Xaverian’s musicians and thespians a state of the art performance space to call home.

The extensive extracurricular opportunities at Xaverian encourage our students to discover their passions and leadership skills. A partial list of extracurricular opportunities includes: Art and Literary Magazine, Art Club, Chess Team, Clipper Society, Mock Trial Team, Model United Nations, National Honor Society, Robotics, Speech and Debate Team, Ultimate Frisbee, Yearbook, and Student Newspaper.

Speech and Debate

The Class of 2018 performed over 36,000 hours of service, and was awarded over $44 million in scholarships. Our Class of 2018 ends their time with us at Xaverian the same way they began just four short years ago - together, prayerful, and dreaming of the beautiful future that lies ahead.

Our Class of 2018 includes Barron Wei ’18, Harvard ’22, Quoc Huy-Ly ’18, and Paul Mastrokostas ’18, Co-Salutatorians for the Class of 2018.

Xaverian graduates earn acceptance to top colleges and universities, including:

- Boston College
- Brown University
- Catholic University of America
- College of the Holy Cross
- Columbia University
- Cornell University
- CUNY-Macaulay Honors College
- Duke University
- Fordham University
- George Washington University

- U.S. Military Academy at West Point
- U.S. Naval Academy
- Vassar College
- Villanova University
- Yale University

Xaverian’s school counseling program works closely with each individual student on a variety of topics, but with a constant eye towards a successful college application process. Xaverian’s counselors assist all students in assessing and understanding their abilities, interest and educational needs to prepare them to make informed, positive decisions as productive members of an ever changing world.

An introduction to the college application process begins in freshman year with resume building and continues each year with a focus on intensive college research. Periodic small group workshops covering several topics related to the college application process, including essay writing, college visits, ED I, ED II, SAT, ACT, SAT Subject Tests, and important deadlines are offered for juniors and seniors, as well as their parents. All students and their families are also invited to attend Xaverian’s Annual College Fair. This is an exceptional opportunity to learn about over 125 colleges without even leaving 7100 Shore Road. As part of Xaverian’s College Tuesdays program, colleges and universities visit the school each week to meet with prospective students. Colleges such as St. John’s University, St. Francis College, St. Joseph’s College, New York Institute of Technology, Pace University, and LIU Post visit Xaverian to conduct on-site interviews with immediate admissions decisions.

BARRON WEI ’18
Attending Harvard University as a Gates Scholar

“Never has anticipation filled my mind more than at this chapter of my life. As the final dawn of this adventure comes to a close, I cannot help but look forward to the next one — with greater zeal and empathy because of the first. Thank you, Xaverian.”

NICOLAS LOUD ’17
Attending Columbia University

“Xaverian is not just a place to just grow academically, artistically, or athletically, but rather a community that shapes young men and women into adults who are prepared to lead lives of faith, service, and love wherever they go. Xaverian is about being a good leader, and teaching the ones we love how to walk tall. It’s about being a good son or daughter, and learning from the lives of those who came before us. And it’s about being a good friend, and walking alongside the friends and family who make our lives what they are.”

STEFANO PRIANTE ’17
Attending Cornell University

“Xaverian was not only my school for four years, it was my home. My teachers became my role models, my coaches became my mentors, and my friends became my family. Xaverian changed my life. I learned how to work hard and excel in my classes, how to seek for and overcome challenges, and how to be a great person for others. I don’t know where I’d be without Xaverian, but thank God I don’t have to think about that possibility.”

ISAAC JEAN-FRANCOIS ’16
Attending Columbia University

“Each of the members of the class of 2016, empowered by the Xaverian tradition and family, experienced tremendous growth in our own ways. For me, it was my experience on the speech and debate team that drove my hunger for knowledge and social justice. We must continue to seek personal, academic, and intellectual growth as we go into college and beyond. We must remember the people who, along our journey towards success, have taught us lessons we couldn’t learn elsewhere. Most importantly, we must use the lessons we learn to empower those around us and to create a better world for all.”

DAVID PEÑA ’16
Attending New York University as a Chase Smart Start Scholar

“I have the deepest gratitude to the teachers who educated me and taught me to become a better man. They motivated and inspired me to reach for the dreams that are now my reality. Xaverian has also played a huge role in the development of my faith, as I was always encouraged to trust in God’s plan for me. I truly believe that God will work through me by developing my gifts so I can do my part to better the world.”

RITVIK TANEJA ’15
Attending Cornell University as a McMullen Scholar

“I am proud to say that I can move on to college knowing that Xaverian has prepared me for my future. Academically, I have been challenged inside and outside of the classroom. From studying for AP classes to working an engineering internship at the World Trade Center, I have been exposed to all Xaverian has to offer to enrich the educational experience of the students. I’ve also learned the importance of faith in daily life. This faith can be on a higher power or in yourself, but it will, nevertheless, motivate you to strive for greatness.”

A D M I S S I O N S

For additional information or any questions regarding applying to Xaverian, please contact Mark Spelman ’92, Director of Admissions, at (718) 836-7100 x127 or mspelman@xaverian.org

Open House
Xaverian’s Open House will be on Sunday, October 21st, 2018 from 10am to 2pm. Genesis and Alumni tours will begin at 9am.

Application for Admission
Students must submit an application and one teacher recommendation. On the application, please indicate if you will also be applying for a scholarship and/or financial aid. The deadline for applications is Friday, November 16th, 2018. The application can be completed online by visiting www.xaverian.org/application.

Tuition
Xaverian’s tuition for the 2018-2019 school year is $15,100. While the actual expense per student far exceeds the tuition, we are able to offer our program at this current rate due to the generous support of our Xaverian alumni, friends, and families who understand the importance of philanthropy.

TACHS Exam
Eighth grade boys and girls seeking admission to Xaverian must register and take the TACHS (Test for Admission into Catholic High Schools) exam. Students may obtain an application from their Catholic elementary school, Catholic high schools, Religious Education Offices, parishes, or public elementary schools. You can also register online at www.tachsinfo.com or by telephone at (866) 618-2247. Xaverian’s TACHS code is 011. Xaverian will also accept ISEE, STS, and SSAT for students coming from independent schools.
Xaverian is proud to offer many different types of aid for students and families. Each year, Xaverian distributes approximately $3.4 million in academic merit-based scholarships and need-based financial aid from our Endowment Fund. Xaverian also offers scholarships to sons/daughters of the NYPD and FDNY. All of these offerings are outlined below, along with application procedures. Please note that Xaverian does not offer Athletic Scholarships.

Academic Scholarships

Students interested in receiving an academic scholarship must sit for Xaverian's Scholarship exam on Saturday, December 1st, 2018. Students must have at least a 90 overall average to sit for this exam and students indicate interest for this exam on Xaverian's Online Application. Scholarship awards are based on the scholarship exam, TACHS test, application content, letters of recommendation, and student grades. Scholarships are awarded to students over four years, subject to maintaining academic requirements.

Music Scholarships

Students that have had at least a few years of musical experience are encouraged to audition for a music scholarship. Music auditions should be scheduled directly with Mr. Joseph Loposky, Director of Music at Xaverian, at (718) 836-7100, extension 177. Music auditions usually happen the second or third week in December. Mr. Loposky will arrange the exact date and time as well as let you know what to prepare. Please note that students can receive both music and academic scholarships.

Financial Aid

Xaverian offers nearly $1 million in need-based financial aid annually, the largest amount of any private or parochial school in New York City. If you have any questions regarding the financial aid applications process, please contact the Business Office at (718) 836-7100 x180.

Applications are mailed to an independent processing firm, F.A.I.R. (Financial Aid Independent Review) for analysis. Awards are based on families’ need, as it compares to other families’ applications. Historically, financial aid grants range between $600 - $3,000 per family and are contingent upon favorable academic and discipline reviews.

This aid is made available through financial contributions to our school’s Endowment Fund by alumni, parents and other supporters. The interest in our Endowment enables us to increase the amount of financial assistance made available to families in need.

Outside Grants

Memorial Scholarship for Sons & Daughters of the NYPD and FDNY

These scholarships are awarded to incoming 9th grade students who demonstrate academic promise, as well as financial need. If there are other circumstances that you believe merit the attention of the administration, please attach a separate letter to your application. All Xaverian students with a parent who is a uniformed officer of the NYPD or FDNY are eligible for an annual $500 tuition credit through the Fortis Fund program. Please call x182 for requirements. The deadline for the Class of 2023 to apply for the Fortis Fund for the academic year 2019-2020 is May 1st.
