The Easter season invites us to not only celebrate the redeeming love of Christ and remind us that we are a people of life, it allows us to rest from the ordinary. Granted, circumstances have been far from ordinary, but we value the chance to “catch our breath” and have some time to spend with our families. Once again, we thank our Clipper families, students, staff, faculty, and administration for working together over the past three weeks.

Although we will not hold official classes with mandatory Zoom sessions and assign daily classwork or homework according to the “Conference Calendar,” we will offer the opportunity for teachers to schedule Zoom review sessions during the week of April 13-17. These optional sessions will provide our learners with additional review of learned material and extra help, especially in Advanced Placement courses.

Not all classes will offer these reviews, but students are encouraged to attend those Zoom sessions that will be posted on The Harbor in their respective classes. Teachers will continue to post Zoom conferences as “Assignments” to alert their students of the invitation to attend.

Please note that these optional Zoom sessions will:
- provide a supplementary learning environment to students while they are home;
- review content and skills that have been already covered to date -- not teach new material;
- not factor into a student’s grade or attendance; and,
- not assign additional classwork or homework based on the session’s content;

To facilitate the process, we will continue to maintain the “Blue/Gold/Grey” days of the “Conference Calendar” to ensure that these optional Zoom sessions do not conflict with one another. Please consult the calendar on The Harbor.

Even though new daily work will not be assigned during the days of our Easter Stay-cation (Wednesday, April 8 through Sunday, April 19), teachers may assign work to be completed upon our return from Easter Stay-cation on April 20 or thereafter. This is also a perfect opportunity for students to catch up on missed work if they have fallen behind since the start of our distance learning environment.

Additionally, some extracurricular clubs may also hold optional after school Zoom gatherings.

As always, please do not hesitate to contact your child’s counselor or teacher, as well as an administrator, if you have any questions.
