Student Supply List for School Year 2020-21

Students will be creating a portfolio of work to demonstrate inquiry through art and design and development of materials, processes, and ideas over the course of a year. For this course students will be working in various media of their own choosing. As a result, there is no set supply list. Supplies will be determined according to the media in which the student chooses to work. You will need a sketchbook, art box, pencils and an eraser. **If you have supplies from previous years, you do not need to repurchase new items but your sketchbook must be new.**

Due to the COVID-19 pandemic you will not be able to share supplies with students or use classroom materials such as paints, glues, brushes, pastels, charcoal, that are normally shared in class. Materials such as drawing paper and canvases will be given to students as needed.
